ABOUT ME

IT Project Manager with 10+ years of hands-on experience taking complex digital products from architectural concept to full regional release. Specialist in building modern, AI-driven project management systems that eliminate operational routine and accelerate product velocity, with deep domain expertise in e-commerce and fintech platforms across the CEE/SEE region.

CORE SKILLS

- **AI-Driven PM Workflows:** Use LLM prompt engineering to cut manual work on user stories, executive reporting, and technical specs, freeing up time for higher-value delivery decisions.
- **Cross-Border Market Expansion:** Directed multi-market rollouts into 5+ CEE/SEE countries, navigating multi-jurisdiction compliance, financial regulations, and localized go-to-market strategies.
- **Stakeholder & Client Management:** Managing client expectations and maintaining transparent communication between business and technical teams. Experienced in facilitating workshops, sprint reviews, and steering meetings to align deliverables with business goals.
- **E-Commerce & Enterprise Architecture:** Deep domain expertise in large-scale platforms (SAP Hybris, SAP Commerce, SAP BI), managing vendor selection, system integrations, and multi-team technical delivery.
- **Agile Cross-Functional Delivery:** Applied Scrum and Kanban frameworks to lead engineering squads for fast, low-bureaucracy product releases.

TOOLS & TECHNOLOGIES

- **AI & Automation Tools:** Claude, Gemini, Fellow, Prompt Engineering
- **Product Management Tools:** JIRA, Confluence, Trello, MS Office Suite
- **ERP Solutions:** SAP Business One, Microsoft Business Central
- **API & Integration Tools:** Postman, Swagger
- **Management Frameworks:** Scrum, Kanban, Waterfall
- **Content Management:** SAP Commerce tools, Pimcore
- **Diagrams/Mockups:** MS Visio, InVision, draw.io, Lucidchart

PROFESSIONAL EXPERIENCE

Project Manager | SHAPE

Mar 2026 – Sep 2026 | Zagreb, Croatia

- Directing technical and operational readiness for regional app expansion into target SEE markets, coordinating compliance requirements under central bank and financial regulatory frameworks.
- Facilitating regular alignment between steering committees, partner banking PMs, and legal teams to maintain synchronized milestones across distinct jurisdictions.
- Coordinating external vendor contributions, localized third-party integrations, and security audit workflows to ensure end-to-end platform readiness.
- **Current focus:** supporting pre-launch optimization and readiness for go-live, aimed at expanding the client's market presence**.**

IT Delivery Manager / Business Analyst | K2-18b

Mar 2025 – Mar 2026 | Zagreb, Croatia

- Coordinated end-to-end delivery of a localized B2C webshop for the Slovenian market across business, legal, and technical workstreams.
- Designed detailed logic, workflows, and data mapping for seamless integration between eKupi and UNIQA insurance systems, automating warranty policy generation.
- **Impact:** Streamlined post-sale operations by reducing warranty processing time by over 70%, and delivered the Slovenian webshop 100% on schedule with zero critical go-live blockers.

IT Delivery Manager | Kenty Adria

Sep 2024 – Jan 2025 | Zagreb, Croatia

- Led the end-to-end delivery of a multi-brand B2C e-commerce platform for Home of Brands (HOB), unifying consumer brand portfolios (Delimano, Rovus, Wellneo, Schmidler, Walkmaxx, WATA) into a seamless regional storefront.
- Directed platform architecture, UI/UX design workflows, and backend development teams to ensure localized payment, tax, and regional compliance across target CEE/SEE markets.
- Managed third-party vendor relationships, system integrations, and sprint cycles to maintain product quality and accelerate time-to-market.

IT Delivery Manager | A007 plus d.o.o.

Jun 2022 – Sep 2024 | Zagreb, Croatia

- Directed technology strategy and departmental budget for B2C e-commerce operations, reporting metrics and risks to senior leadership.
- Led delivery of the Abrakadabra mobile app, organizing Agile ceremonies and driving requirements gathering in collaboration with stakeholders.
- Facilitated prompt responses to change requests, minimizing project delays while meeting core business requirements.
- Mentored engineering team members, establishing training workshops and best-practice documentation to foster a high-performance team culture
- **Impact:** delivered the Abrakadabra mobile app within scope, achieving a 15% improvement in user satisfaction scores upon release.

Project Coordinator / Business Analyst | eKupi

Apr 2016 – Jun 2022 | Zagreb, Croatia

- Led the multi-regional migration of eKupi's webshops to the SAP eCommerce platform, ensuring a seamless transition across Croatia, Serbia, Bosnia and Herzegovina, Montenegro, and North Macedonia.
- Maintained data integrity by migrating products and content without data loss, preserving essential details like images, descriptions, and pricing across platforms.
- Configured and optimized site functionality, including payment methods, delivery options, and product displays, to enhance user experience and operational efficiency.
